

Dimensions of elliptical top coners. 100 mm long x 35mm wide. Distance from edge of ellipse to outer most wafer holder slot circle:42.65 mm. Distance from edge of ellipse to center of wafer holder slot: 132.65 mm.

113.844 mm  
Distance from center of wafer holder slot to center of cuvette holder slot.

Ø180.000 mm  
Diameter of outer most circle of wafer holder slot

2x Ø55.000 mm  
Outer most diameter of cuvette holder slot
